EDUCATION

University of Michigan, Ann Arbor **Master of Science in Information (GPA: 3.9/4.0)** **2023.08 – 2025.05**

- **Core courses:** User Experience Research Methods, User Needs Assessment and Usability Evaluation, Human-Centered Design, Data Analysis, Interaction and Graphic Design

University of California, San Diego **Bachelor of Science in Social Psychology (GPA: 3.8/4.0)** **2017.09 – 2021.08**

- **Core courses:** Advanced Statistics, Cognitive Psychology, Decision Making and Judgment, Research Methodology, Social Neuroscience, Honors Thesis

INTERNSHIP EXPERIENCE

Safemo | User Research Intern **San Jose, CA | 2024.06 – 2025.03**

- Designed and led two rounds of longitudinal mixed-method research, including in-house usability tests, 14-day diary studies, and 8 user interviews to evaluate the setup experience and AI features of a smart security camera system.
- Proposed the Rainbow Spreadsheet method to integrate small-sample qualitative data into concrete observations, analyzed user needs and product fit, identified pain points during the user journey, and provided clear iteration directions.
- Synthetized findings into structured reports and creative artifacts (synthetic user profile generated on NotebookLM), driving two strategic product shifts and four design changes.
- Validated research impact through follow-up testing: shortened task completion time from 90 to under 30 minutes, improved average satisfaction scores from 3.3 to 8.7, and reduced support tickets by 30%.

Pink Fund | User research Apprentice **Ann Arbor, MI | 2024.01 – 2024.04**

- Led end-to-end user needs assessment on the donation process, coordinated with stakeholders, and clarified objectives and plans.
- Conducted 10+ user interviews and analyzed 100+ survey responses to identify pain points and unmet needs in the donation and fundraising experience.
- Integrated qualitative and quantitative findings into journey maps, personas, and research-backed recommendations for product improvement.
- Performed competitive analysis of 5 nonprofit platforms to benchmark user flows, identify best practices, and translate findings into 4 actionable design recommendations.

Winkielman Social Neuroscience Lab | Lab Manager **San Diego, CA | 2020.01 – 2021.01**

- Managed recruitment and onboarding for 300+ research participants each academic quarter, standardizing workflows that reduced onboarding time by 30% and became lab-wide templates.
- Supported execution of 10+ studies by coordinating scheduling, ethics compliance, and research logistics across a fast-paced behavioral science lab.
- Conducted interviews with research assistants based on applications. Supported hiring decisions to maintain effective lab operations.

PROJECT EXPERIENCE

Tripal: AI-Powered Travel Planning Platform | Research Lead **2025 – 2026**

- Led full user research for travel app prototype validation, coordinated design and data integration, supported product optimization and roadshows, and solved product implementation issues.
- Conducted mixed-method research (desk research + 12 interviews + 330 questionnaires responses) to triangulate findings. Identified three core needs among young leisure travelers: efficient decision-making, support for unexpected disruptions, and better group travel experience.
- Facilitated 2 cross-functional design sprint workshops to align product, engineering, and design teams on research insights, then conducted usability testing with 6 participants to identify interaction and navigation issues.
- Helped define 4 core product directions, including AI-assisted information integration and smart itinerary planning. Proposed interface and copy improvements to support product iteration and market positioning.

Honors Thesis: Interoception, Trust, and Loneliness | Author **2021**

- Designed and executed a quantitative study in Qualtrics (N=342), examining the mediating role of interoceptive sensitivity in the relationship between interpersonal trust and loneliness.
- Applied correlational, regression, and mediation analyses in SPSS to test hypotheses and model relationships among psychological constructs.
- Authored a 30-page thesis integrating cross-disciplinary theory from social psychology and cognitive neuroscience, demonstrating strong written communication and statistical reasoning.

SKILLS

Languages: Chinese (native), English (fluent; 7 years of academic/professional experience in the U.S.)

Research methods: In-depth interviews, usability testing, diary studies, longitudinal studies, questionnaire design, mixed methods research, Desk Research, Competitive Analysis, User Journey Mapping, User Personas, Concept Testing

Analytical skills: Qualitative Coding, Thematic Analysis, Text Pattern Recognition, Descriptive Statistics, Correlation Analysis, Regression Analysis, Mediation Analysis, Triangulation, User Segmentation

Tools/Software: Qualtrics, SPSS, Dovetail, Figma, Adobe Suite, UserTesting, Voyant Tools, MS Office, Wenjuanxing

李志博

15811503248 | lzbdaniel@qq.com | 北京

教育背景

密歇根大学安娜堡分校 **信息学硕士；用户体验研究（GPA：3.9 / 4.0）** **2023.08 – 2025.05**

- **核心课程：**用户体验研究方法、用户需求评估与可用性评估、人本中心设计、数据分析、交互与图形设计等

加州大学圣迭戈分校 **理学学士；社会心理学（GPA：3.8 / 4.0）** **2017.09 – 2021.08**

- **荣誉：**本科荣誉毕业论文 (Honors Thesis)
- **核心课程：**高级统计学、认知心理学、决策与判断、研究方法论、社会神经科学等

实习经历

Safemo | 用户研究实习生 **美国 | 2024.06 – 2025.03**

- **用户研究：**针对智能硬件产品用户体验不佳、电商口碑下滑等业务问题，设计并优化用户研究方案；编制筛选问卷、测试脚本与访谈提纲，降低用户参与成本；精准招募 5 位目标用户，保障高质量持续反馈，为产品迭代奠定研究基础。
- **调研执行：**牵头开展 2 轮纵向混合方法研究，通过入户测试、14 天日记研究、深度访谈等方式，覆盖产品全用户旅程关键阶段，系统采集用户行为与态度数据，为产品优化提供真实数据支撑。
- **需求分析：**提议 “彩虹表” 分析框架，解决小样本多源数据整合难点；挖掘用户行为规律与核心需求，按产品市场契合度 + 可用性双主线、结合用户旅程时序输出结论，高效定位产品体验痛点，为迭代提供清晰方向。
- **报告撰写：**撰写用户研究报告并输出优化建议，借助 NotebookLM 提炼用户原声与诉求以辅助决策；推动 2 项产品策略迭代及 4 项功能优化落地。独立完成效果验证研究，实现用户操作时长由 90 分钟压缩至 30 分钟内，用户满意度评
- 分由 3.3 提升至 8.7，用户支持请求量下降 30%。

Pink Fund | 用户研究 **美国 | 2024.01 – 2024.04**

- **研究规划：**聚焦官网捐款流程优化需求，牵头推进高校与基金会合作研究项目，对接核心负责人，统筹研究全周期规划，明确研究目标、梳理业务需求，为后续研究开展奠定基础。
- **用户调研：**负责设计并执行定性 + 定量混合研究方案，通过 10 余场用户访谈开展用户决策路径分析，挖掘体验痛点；结合定量调研回收 100+ 有效样本，整合多维度数据形成完整研究支撑，精准捕捉用户真实需求。
- **方案输出：**搭建用户体验地图，并结合用户画像梳理体验痛点，识别关键断点与优化空间；围绕页面设计、核心流程、转化效率等维度完成 5 家行业头部平台竞品分析，提炼最佳实践；输出 4 项可落地优化方案，将抽象业务诉求转化为可执行的产品迭代方向，助力提升产品体验。

Winkielman 社会神经科学实验室 | 实验室主管 **美国 | 2020.01 – 2021.01**

- **研究运营：**统筹每学期 300 余名研究被试的招募、排期及合规管理等，搭建标准化操作流程，使入组效率提升 30%，流程文档被作为实验室标准模板沿用；协调多项目排期、伦理文档与合规复核，保障 10 余项行为科学研究高效推进。
- **人员评估：**负责研究助理岗位的人才评估与面试，从研究能力、专业知识等维度筛选人才，保障研究团队高效运转。

项目经历

旅行类产品用户研究与产品优化项目 | 负责人 **2025 – 2026**

- **研究背景：**针对创业团队旅行类应用原型未经用户验证的问题，独立牵头开展用户研究全流程工作，统筹研究方案设计、数据采集整合等事宜，为产品优化及路演展示提供决策支撑，助力解决产品验证与落地难题。
- **研究设计与执行：**独立构建“桌面研究 + 12 场深度访谈 + 330 份问卷”的混合研究方案；通过定性挖掘用户场景痛点、定量验证结论普适性，结合三角验证确保结论可靠；最终面向年轻休闲游群体，提炼出高效决策、突发状况情绪保障及群体出行场景下的协作减负与情绪体验需求 3 大核心需求。
- **协同共创与测试：**主持 2 场跨职能设计冲刺工作坊，推动产品、研发、设计团队对齐研究洞察；开展 6 位用户原型可用性测试，识别界面交互、视觉呈现及操作体验等关键问题，为产品迭代优化提供明确方向。
- **研究成果：**基于研究洞察推动团队明确 AI 信息整合、AI 行程规划等 4 项核心产品方向，形成可落地的功能规划；输出界面与文案的优化方案，为产品优化及市场定位提供用户研究支撑。

内感受、信任与孤独感的心理学实证研究 | 负责人 **2021**

- **研究设计：**基于社会心理学与认知神经科学跨学科理论构建研究框架，提出并验证内感受敏感度在人际信任与孤独感间的中介作用假设，完成完整学术研究设计。
- **量化调研：**使用 Qualtrics 搭建量化问卷，实现多量表测量、随机化模块、注意力检查及逻辑跳转设计；完成 N=342 有效样本回收与全流程质量校验。
- **统计分析：**运用 SPSS 开展数据建模与变量关系分析，挖掘数据内在关联与影响机制，并完成 30 页研究论文撰写。

技能/兴趣

语言水平：英文（流利，7 年北美学术与工作经验，可以无障碍在工作环境中跨文化沟通协作）
研究方法：深度访谈、可用性测试、日记研究、纵向研究、问卷设计、混合方法研究、桌面研究、竞品分析、用户旅程地图、用户画像、概念测试等
分析能力：定性编码、主题分析、文本模式识别、描述性统计、相关分析、回归分析、中介分析、三角验证、用户细分等
工具软件：Qualtrics、SPSS、Dovetail、Figma、Adobe Suite、UserTesting、Voyant Tools、MS Office、问卷星等
